

VAIBHAV PERNOLE

Kolhapur, Maharashtra 416003 | 8600120032 | vaibhavpernole72@gmail.com | [linkedin.com/in/vaibhav-pernole-64234b2bb](https://www.linkedin.com/in/vaibhav-pernole-64234b2bb)

SUMMARY

B.Tech graduate in AI & Machine Learning with hands-on experience engineering scalable data workflows and relational databases in MySQL and Python. Skilled in developing end-to-end data pipelines, API-driven geospatial enrichment, and complex DAX-modeled Power BI reports. Strong foundation in statistical analysis, predictive modeling, and applied deep learning..

TECHNICAL SKILLS

- **Core Languages & Frameworks:** Python, R Programming, C++, Basic C, JavaScript
- **Data Science & Machine Learning:** TensorFlow,, Scikit-Learn, NumPy, Pandas, Matplotlib
- **AI, NLP & GenAI:** Large Language Models (LLMs), Generative AI, Transformers (Hugging Face), Natural Language Processing (NLP), Natural Language Toolkit (NLTK), Speech Processing, Audio Transcription
- **Data Engineering & Visualization:** MySQL, Power BI, Qlik Sense, IoT Data Integration, Database Management
- **Hardware & Ecosystems:** IoT (Internet of Things), Jupyter Notebook, Anaconda3, VS Code

EXPERIENCE

Data Analyst Intern — Global Vision Trade Organization, Kolhapur, Maharashtra *Aug 2025 – Aug 2026*

- Engineered automated data-cleaning and geospatial-enrichment pipelines in Python using REST APIs, cutting manual data verification time by **40%** across healthcare, hospitality, automotive, and logistics datasets.
- Built and deployed interactive Power BI dashboards utilizing complex DAX calculations to track cross-border vendor KPIs, improving operational reporting efficiency by **35%**.
- Synthesized multi-regional trade and market-benchmarking datasets across Asia, Europe, and the Middle East, delivering executive-level reporting to direct B2B vendor-sourcing strategies.
- Centralized and structured fragmented, multi-region trade databases in MySQL, ensuring high data integrity for scalable global market analytics.
- Conducted exploratory data analysis (EDA) and comparative benchmarking in Excel and Power BI, presenting actionable insights directly to cross-functional teams.

PROJECTS

Deaf-Mute Language Translator (ML / Computer Vision)

- Built a real-time sign-language recognition system converting gestures to text and speech using computer vision and deep learning, enabling two-way communication between hearing and non-hearing individuals.

Stock Market Visualization (Power BI)

- Designed interactive Power BI dashboards with candlestick charts, KPIs, and dynamic filters to analyze stock trends and support data-driven investment decisions.

EDUCATION

B.Tech, Artificial Intelligence & Machine Learning

DY Patil Agriculture & Technical University, Talsande, India | 2026 | CGPA: 7.8/10

Higher Secondary Certificate

Pune Board, Kolhapur, India | 2022

Secondary School Certificate

Pune Board, Kolhapur, India | 2020

CERTIFICATIONS

- Ministry of Electronics & IT (MeitY) – Essentials of Solution Development in IT, NSQF Level 5 Certification (Mar 2025)
- IBM Skill Build – Introduction to Generative AI, Professional Badge (Feb 2026)
- Certificate Course in C & C++
- FSP – Data Processing and Visualization, FutureSkills Prime

LANGUAGES

English, Marathi, Hindi
